

A REFLECTION
BUSINESS CLEAN UP DAY
26 FEBRUARY 2008

Business Clean Up is designed for Australian businesses and is a unique opportunity for employees to work as a team and make a difference in the local community or the workplace. It provides an opportunity for Australian businesses to help improve the quality of the environment and work towards reducing waste.

Participation shows how you can:

- Demonstrate your responsibility to the environment and local community
- Involve your staff in a rewarding team building exercise with a difference
- Build relationships with suppliers and clients by inviting them to join you
- Gain potential positive media coverage

Businesses can participate in one of three ways by either registering a site; registering your office or through the Adopt-A-Site program.

Visit http://www.cleanup.org.au/au/Campaigns/about_bcud.html for more information.

*Whatever befalls the earth,
befalls the sons of the earth.
If men spit upon the ground,
they spit upon themselves.*

*This we know,
the earth doesn't belong to man;
man belongs to the earth.*

*This we know,
all things are connected,
like the blood that unites one family.*

*All things are connected,
whatever befalls the earth,
befalls the sons of the earth.*

*Man didn't weave the web of life;
he is merely a strand in it.*

*Whatever he does to the web,
he does to himself.*

Chief Seattle, 1854
